Stop The Flu At Your Office Door

Please join us for an educational program designed for Human Resources Professionals and business owners.

A panel of experts will address:

- CDC recommendations and vaccine selection for the 2010-2011 flu season
- Key facts about contagiousness and spreading flu in the office
- How to increase flu shot participation rates
- Suggested policies and strategies for responding to employee concerns, flu symptoms and reduced productivity
- Legal considerations for employers

According to the CDC, adults who get the flu vaccine have 27% fewer missed work days due to illness.

*The single best way to
protect against the flu
is to get vaccinated
each year.*
